Biography/Historical Note:

This collection documents the personal and professional lives of Captain Benjamin Rice, his wife, Mary A. Rice and their son, Frank Rice. We have little in our archives which illuminate the Rice's lives. What we do know is that in the 1870's Captain Rice captained the schooner *Mary A. Rice* on repeated voyages up and down the north-eastern seaboard. He sold the *Mary A. Rice* in 1883. There is some evidence that at this time they resided in New York.

By the beginning of the 1880's, the Captain Rice and his wife had become the proprietors of the Ocean View House, in Cottage City. They renovated and enlarged the Ocean View and its surrounding cottages on at least one occasion. They sent their son Frank to the East Greenwich School during the first half of the 1890's. Captain Rice died in 1902, leaving Mrs. Rice as sole proprietor of the Ocean View. Frank Rice begins to appear on bills and receipts for the Ocean View starting in the early 1900's. Mary Rice passed away on October 26, 1922. Frank passed away on April 29, 1938.

Scope and Content Note:

The majority of the Rice family papers consist of bills and receipts from both their schooner and the Ocean View House. The bills and receipts are organized chronologically between 1870 and 1910. There are account books included in the collection from various Island businesses. In addition, there is personal and business correspondence to and from the Rice family. The collection also contains legal documents such as tax receipts, and deeds to Captain Rice's schooner.
