### **Historical Note**

Jeremiah Pease was born April 8, 1792 and died June 5, 1857. His parents were Noah and Hannah Dunham Pease. He married Eliza Worth on September 30, 1813 and they had 10 children. He lived in Edgartown all his life. He was a "jack of all trades": surveyor, Collector of Customs in Edgartown, lighthouse keeper, Methodist layman and chorister, bonesetter, cordwainer, bedsitter for dying persons, politician, manager of Thomas Cooke's salt works, commission salesman for molasses and whale oil, Justice of the Peace. He owned shares in whaling vessels.

His diaries report on daily activities and weather that occurred on the Vineyard during the period of great whaling prosperity. As a surveyor and fundamentalist Methodist he laid out the Wesleyan Grove Camp Meeting in what is now Oak Bluffs and founded the religious revivals that were held there and elsewhere around the island.

He was an early convert to Methodism and became so fanatically involved in the revivals that he may have suffered some sort of breakdown. There is a gap in the diaries from 1823 to 1829, the years immediately following his conversion. The entries from 1829 to 1832 were written by his son, Joseph, "owing to my peculiar circumstances." The diaries contain little information about his feelings and seldom mention his wife and children. His handwriting remained clear and legible on the day of his death when he made his final entry, a weather report.

### **Scope and Contents Note**

The Jeremiah Pease collection preserves his diligent note taking over four decades. The bulk of the material is Jeremiah's personal diary (1817-1857) described by Arthur Railton as "the most complete diary of any Islander that we know who lived during the 1800s ..." And accordingly, Railton published excerpts of the diaries in over fifty issues of *The Dukes County Intelligencer* during 1974 to 1992. Pease's Surveyor's Journals (1822-1856) are equally detailed accounts. Further noteworthy items are the surveys of the Island's Indian Lands, especially Chappaquiddick (1828; 1849), the record of Vessel's calling at

Edgartown (1827-1834) and a lecture written by Jeremiah Pease concerning the first Methodist's on Martha's Vineyard (1847). Furthermore, the Museum's Map Collection holds many maps prepared by Jeremiah Pease during his tenure as surveyor.
